

SQL Change Automation PowerShell 3.1 release notes

3.1.18 - April 30, 2019

Features:

- Updates SQL Compare and SQL Data Compare to 13.7.11.10438
- Updates SQL Change Automation engine to 3.0.19119.7229

3.1.17 - April 25, 2019

Features:

- Updates SQL Compare and SQL Data Compare to 13.7.10.10373
- Updates SQL Change Automation engine to 3.0.19114.7128

3.1.16 - April 9, 2019

Features:

- Updates SQL Compare and SQL Data Compare to 13.7.9.10193
- Updates SQL Change Automation engine to 3.0.19098.6803

3.1.15 - April 3, 2019

Features:

- Updates SQL Compare and SQL Data Compare to 13.7.9.10117
- Updates SQL Change Automation engine to 3.0.19092.6619

3.1.14 - March 27, 2019

Features:

- Updates SQL Compare and SQL Data Compare to 13.7.8.10047
- Updates SQL Change Automation engine to 3.0.19085.6386

3.1.13 - March 22, 2019

Features:

- Updates SQL Compare and SQL Data Compare to 13.7.7.9978
- Updates SQL Change Automation engine to 3.0.19080.6227

3.1.12 - March 18, 2019

Fixes:

- Fixed an issue where SQL Change Automation projects could not be built when using .Net Framework 4.6.1

Known Issues:

- There is an issue when upgrading from 3.1.11 using the SQL Toolbelt Installer. To fix this, uninstall and re-install using the latest SQL Toolbelt Installer.

3.1.11 - March 13, 2019

Features:

- Updates SQL Compare and SQL Data Compare to 13.7.6.9880

- Updates SQL Change Automation engine to 3.0.19071.5881

3.1.10 - March 7, 2019

Features:

- Updates SQL Compare and SQL Data Compare to 13.7.5.9755
- Updates SQL Change Automation engine to 3.0.19051.5245

3.1.9 - February 14, 2019

Features:

- Updates SQL Compare and SQL Data Compare to 13.7.2.9312
- Support for a new comparison option to ignore sensitivity classifications on fields
- Updates SQL Change Automation engine to 3.0.19043.4894

3.1.8 - February 6, 2019

Features:

- Updates SQL Compare and SQL Data Compare to 13.6.13.9064
- Updates SQL Change Automation engine to 3.0.19030.4405

3.1.7 - January 28, 2019

Features:

- Updates SQL Compare and SQL Data Compare to 13.6.12.9031
- Updates SQL Change Automation engine to 3.0.19028.4282

3.1.6 - January 18, 2019

Fixes:

- SCA-2542: Fixed regression that caused a System.Xml.XmlException while generating diff and drift reports

3.1.5 - January 17, 2019

Features:

- Updates SQL Compare and SQL Data Compare to 13.6.10

Fixes:

- Generated documentation as part of a database build now correctly states that it was created by SQL Change Automation
- SCA-2541: A folder containing a SQL Change Automation project will no longer be treated as a SQL Source Control project by Invoke-DatabaseBuild

3.1.4 - December 19, 2018

Features:

- Add better error message around certain System.Security.CryptographyExceptions including a link to a troubleshooting docs page
- Updates SQL Compare and SQL Data Compare to 13.6.8

3.1.3 - December 7, 2018

Features:

- Output data used to generate an HTML changes report to a separate file in a JSON format

3.1.2 - November 27, 2018

Features:

- Updates SQL Compare and SQL Data Compare to 13.6.6

3.1.1 - November 14, 2018

Features:

- Updates SQL Compare and SQL Data Compare to 13.6.4

Fixes:

- SCA-8: Fixed an issue where SQL Change Automation components could not be found when loading the PowerShell module from a network share.

3.1.0 - November 8, 2018

Features:

- Added code analysis to the release time reports generated for SQL Change Automation and SQL Source Control projects. See [the documentation](#) for more information.
