Installing

Most Redgate products are available as part of a bundle. You can select which individual products to install when you run the installer.

When you install a non-free product, you have a trial period to evaluate them without purchase. Trial periods vary from 14 to 28 days depending on the product. For more information, see Licensing.

To install a Redgate product:

1. Download the product from the website.
2. Run the installer and follow the instructions.

The product is listed on the **Start** menu under **Red Gate**.

For more installation help see Licensing FAQs.
